

# 'The Only Hope' - Amina

On April 11, Amina's world was shattered after communal violence and a bulldozer destroyed her bakery, the sole income source for her family. Devastated and facing poverty, Amina was left helpless as the administration's actions added to her misery. When Miles2Smile visited, Amina was overcome with grief, but her spirit remained unbroken.

With MilesSmile's assistance, she rebuilt her bakery, rising from the ashes of her loss. Amina's journey reflects immense resilience, turning adversity into a new beginning, not only restoring her livelihood but also providing jobs for others in her community.
