

# Driving Towards Success

Saleem, Northeast Delhi

After the 2020 Delhi Pogrom, Saleem lost his home and livelihood. During the pandemic, we supported him with rented accommodation and a small grocery shop, but income remained insufficient. He then began driving a rented auto rickshaw, working from early morning until late night, yet earning only ₹400-₹800 a day after fuel costs.

His wife's recurring medical expenses and household needs pushed him into constant stress. Saleem longed for his own rickshaw to reduce costs and secure his children's future. Miles2Smile started a fundraiser, and with generous support, we helped him buy one. Today, Saleem works with dignity, saving again, and his family feels hopeful.
