Ganesh Gupta, a juice shop owner in Jahangirpuri's C block, was shocked when his shop was demolished during the anti-encroachment drive on April 20, 2022. Despite having legal papers and running the shop for decades, Ganesh's pleas were ignored. His father had set up the business in the 1970s, and Ganesh continued it after his passing. The demolition, part of an effort following Hanuman Jayanti violence, left him devastated.
