

# Hasina's Struggle and Revival After Khargone Demolition

Hasina Fakhroo, a resident of Khargone, Madhya Pradesh, lost her home to a demolition drive following the communal violence on April 10, 2022. Despite her house being built under the Pradhan Mantri Awas Yojana (PMAY), it was destroyed within an hour, and she had no time to retrieve her belongings.

Her son Amjad, who rushed to the court with documents, found the doors closed on a weekend, only to return on Monday to find their house gone. The demolition was part of a broader crackdown after the violence, which primarily affected Muslim families. Miles2Smile stepped in to help, raising funds to rebuild Hasina's house and provide support to help her regain normalcy.
