

A Ray of Hope: Manisha's Journey from Despair to Relief

At just 20, Manisha was left devastated when her home was demolished, leaving her and her 1-year-old daughter homeless. Her husband had lost his job during a period of violence, and they struggled to survive. Despite the overwhelming challenges, Manisha remained polite and resilient, always keeping a smile.

The Miles2Smile Foundation stepped in, providing immediate help, including essential medicine for her sick child, a sturdy tent for shelter, and rations to ease their daily struggles.

The foundation is now working to relocate the family to a safer environment, offering them a chance to rebuild their lives with hope and dignity.
