MESSAGE FROM THE FOUNDER

**Assalamualaikum
Miles2Smile Family,**

**Alhamdulillah, the blessed
month has arrived once again**

As we begin Ramadan with gratitude and mercy, let us remember our brothers and sisters, facing atrocities across the country. Ramadan is a month of fasting, reflecting, and remembering the values of selflessness that lie at the foundation of our faith. This Ramadan, Miles2Smile invites you to unite with our effort to ease the atrocities faced by the people who are often neglected. Let's together transform the acts of faith into vital support for those in need.

- Aasif Mujtaba

WHY TO CHOOSE MILES2SMILE FOR YOUR DONATIONS

Six years ago, Miles2Smile dreamed of dedicating themselves to making a world where everyone has a reason to smile. We started our work by bringing back normalcy to people who have survived communal violence, mob lynching, demolition, and hate crime. What makes us stand apart from the curve is our accountability and honesty. To know more about our accountability you can click:

<https://miles2smile.org/financials/>

We believe in the proverb :-
"Give a Man a Fish, and You
Feed Him for a Day. Teach a
Man To Fish, and You Feed
Him for a Lifetime"

Meaning, we do not believe in helping once; rather, we make the survivors independent enough to smile in the times of crises. In order to do so, we utilize 77% of the funds strategically, making a long-run impact. We make sure the entire amount raised is transferred to the survivor's account. Every penny raised is utilized for the cause. Our organization believes in transparency and in making connections where trust is the main ingredient in order to form the future we, the pacifists, foresee.

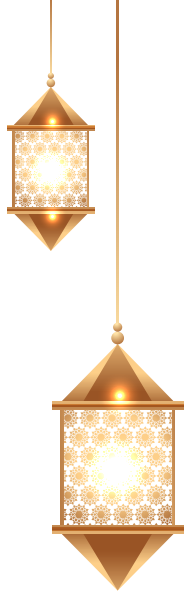

In the last years we have picked up **36 Smile Projects**, have covered **152,558 (S) Miles**, have **worked 113,044 hours**, and have restored **25,329 smiles**. All this was possible with your efforts and contributions. Through initiatives like Aasra, we have directly impacted over **3,800 lives** across more than five states, offering relief & rehabilitation to those affected by communal violence, mob lynching, and demolitions. Along with this, we have provided education **to 800 marginalized children** through our initiative '**Shaagird**', '**Taleem**' and '**Ummid.**' We have enhanced the skills of **250 young minds** through Hunar Academy, and have empowered **50 marginalized women through Sabaat**.

During previous Ramadans

During previous Ramadans we have provided daily iftar meals to instill a sense of kinship and community. Over the period of 30 days, we have arranged Suhoor and Iftar for hundreds of madrassa-going students. Prioritizing the quality of food, we prepared a checklist and incorporated everything that is required to provide nutrition to students.

We have often responded to those in need by providing sustainable livelihoods, conducting free medical camps, supplying free medicines, distributing warm blankets in the cold weather of winters, and many more.

Thank You for your love and support!

This was made possible solely through your selfless dedication and tireless efforts. We yet again ask you to help us provide those in need. Join hands with Miles2Smile and create a world where everyone has a reason to smile. For more information on how to contribute, please visit our website at www.miles2smile.org or contact us directly. Embrace the blessings of these sacred days by contributing to support some of the world's most vulnerable individuals.

Embrace the blessings of these sacred days by contributing to support some of the world's most vulnerable individuals.

Sunrise Public School

Sunrise Public School, located in Loni, Ghaziabad, was founded by the Miles2Smile and Shaagird Foundation to support survivors of the North-East Delhi Pogrom 2020. Over time, it has grown into a safe learning space for orphans, underprivileged, and marginalized children. With a strong commitment to education, the school has helped over 500 riots ridden students return to the classroom.

To nurture their interests, we offer a variety of engaging programs and encourage students to participate in sports, cultural events, and literary activities.

In the past five years, Sunrise Public School has become a thriving center of learning, with 16 dedicated teachers guiding more than 500 students. Our curriculum emphasizes reading and writing while ensuring students build strong foundations in science, social studies, and languages.

The Smile School

Smile School is an initiative by Miles2Smile in collaboration with Shaagird Foundation. The aim of the school is to provide world-class education to underprivileged and marginalized children who have fallen prey to mob lynching, demolition, communal violence, and other hate crimes.

With the vision to nurture the overall development of these children, we have a team of dedicated educators and passionate staff members. The school will be more than just a place of learning: it will be a platform where every child is valued, loved, and provided with equal opportunity.

By embracing diversity and promoting empathy, we aspire to foster a culture of understanding and harmony within our school community.

The Smile School will provide Hifz education alongside its academic program, blending the region's cultural heritage with a comprehensive approach that incorporates both religious and secular learning.

Fifty percent of the seats will be reserved for students coming from disadvantaged backgrounds. Keeping in mind that ensuring girls' education is far more important, thirty percent of the total seats shall be reserved for girls, with an increase of 5% each successive year until the gender ratio reaches 90:10.

With the generous support of our donors, we have already purchased the land for the Smile School. We urge you to help us construct the infrastructure and provide the marginalized children a place to learn and grow. Below are the bank details to help us build our school.

About the organization

The Miles2Smile Foundation, established almost six years ago, is committed to making a meaningful difference in the lives of survivors of mob lynching, communal violence, targeted demolition, and hate crimes. From responding to the crisis during the pandemic to its continuous work in education, creation of livelihood, relief and rehabilitation, and advocacy, the Foundation remains devoted to fostering a more inclusive and equitable society.
