

Punishment before Judgment

Rashida Bi's home in Sendhwa was demolished after the April 10, 2022, Ram Navami violence, allegedly due to her grandson's unverified involvement. Living in a joint family, she never imagined losing her home overnight. Authorities gave no chance for defense, nor time to retrieve belongings. **When Miles2Smile met her, she had not eaten for days, with essentials buried in debris. Moved by her plight, a fundraiser was launched, and ₹5 lakh was raised.** As she received the aid, her sorrow turned to gratitude. With hands lifted in prayer, she blessed the donors who gave her family a ray of hope.
