

House built with 'Sweat' and 'Tears', Bulldozed in seconds

Shahid's family had lived as tenants in Jogiwara, Sendhwa, for 30 years before finally purchasing their home. As they prepared for his younger brother's wedding, communal violence erupted on April 10, 2022. Two days later, their newly bought house was demolished without notice, declared "unauthorized" by authorities. Shahid, devastated by a ₹60 lakh loss, questioned why their home was suddenly illegal. With only a small furniture shop for income, financial strain loomed over them. **Miles2Smile provided ₹3 lakh in aid, offering a glimmer of hope.** Though nothing could undo their suffering, the support helped them take small steps forward.
